Super Sonic H2O

It's Not just a name..... it's a solution

Announcement

I have spent 10 years working with Flow International as a Field Service Engineer. Now I have turned my expertise of working with water jets into an incomparable business experience with the intent to help my customer's.

I have created the business of Super Sonic H2O to deliver my experience to customers first hand.

Super Sonic H2O is a company made to give you the personal experience that has been left behind by many larger corporations

. Super Sonic H2O delivers a fair, honest and loyal solution to your water jet repair needs.

The service delivered by Super Sonic H2O is nothing short of the reputation I have built while working with Flow International. I deliver excellent service by putting the customer first. Together we can grow each others future.

Super Sonic H2O
"Is not just a name...it's a solution"

Sincerely,

Dale Moore
